THE MARKET'S WAY

WHY INDIA, WHY NOW

Current India is reminiscent of
19th century America,
China in 1990s

Fastest growing
large economy-
cannot be ignored

3rd Largest - Over the next
10-15yrs India to become the
3rd largest economy

Services industry the backbone
of the economy, while Manufacturing
growth catching up

Domestic demand-driven economy,
70% of the economic activity
based on intrinsic consumption and investments.

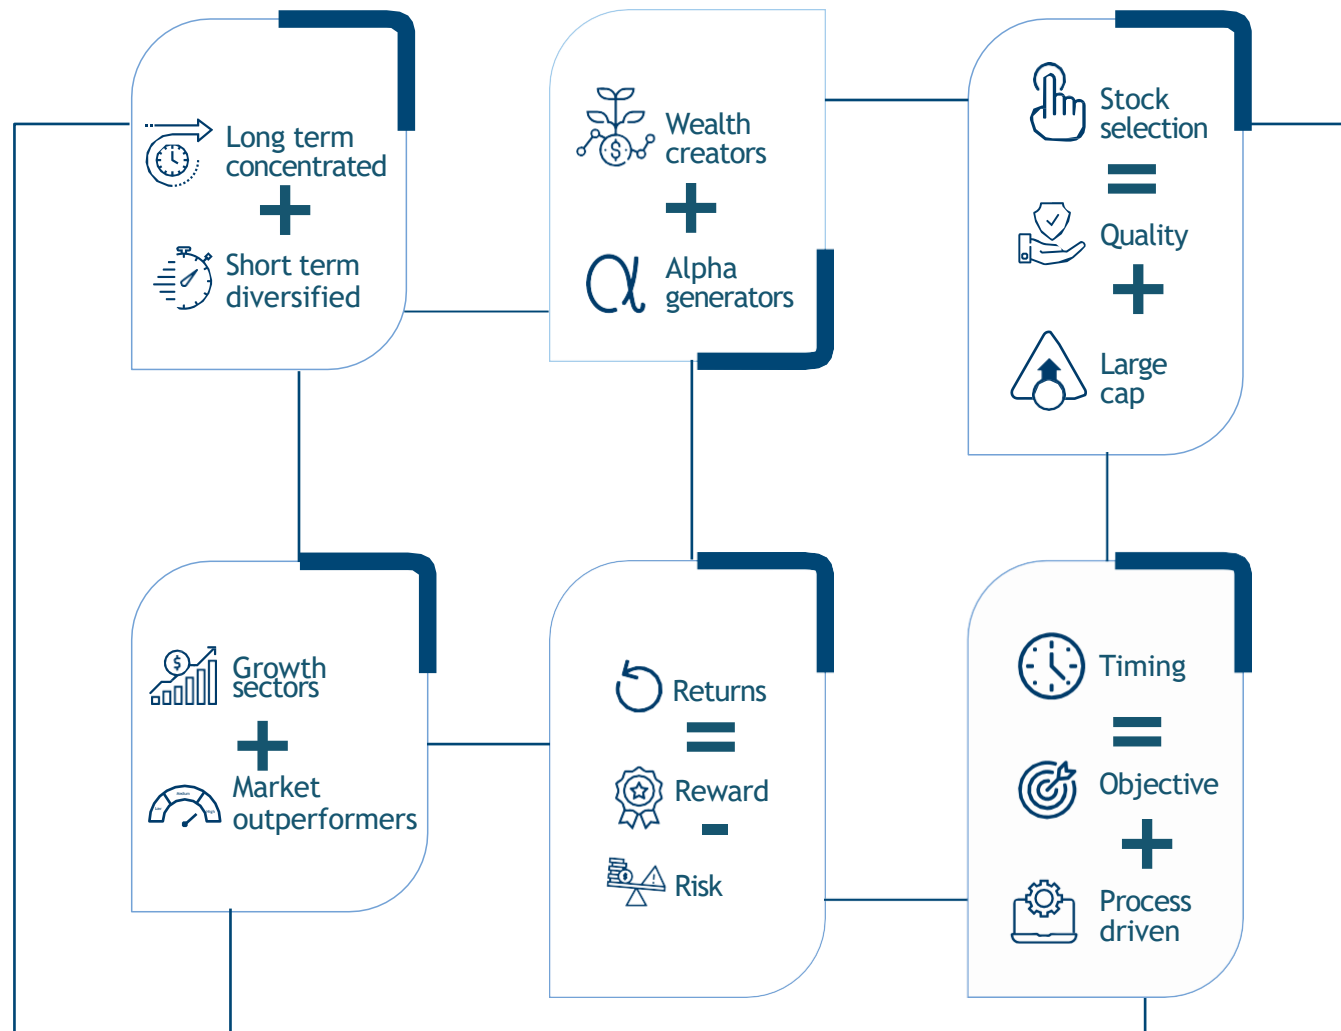

Formalisation of the
economy - GST, JAM,
PLI resulting in Tax buoyancy

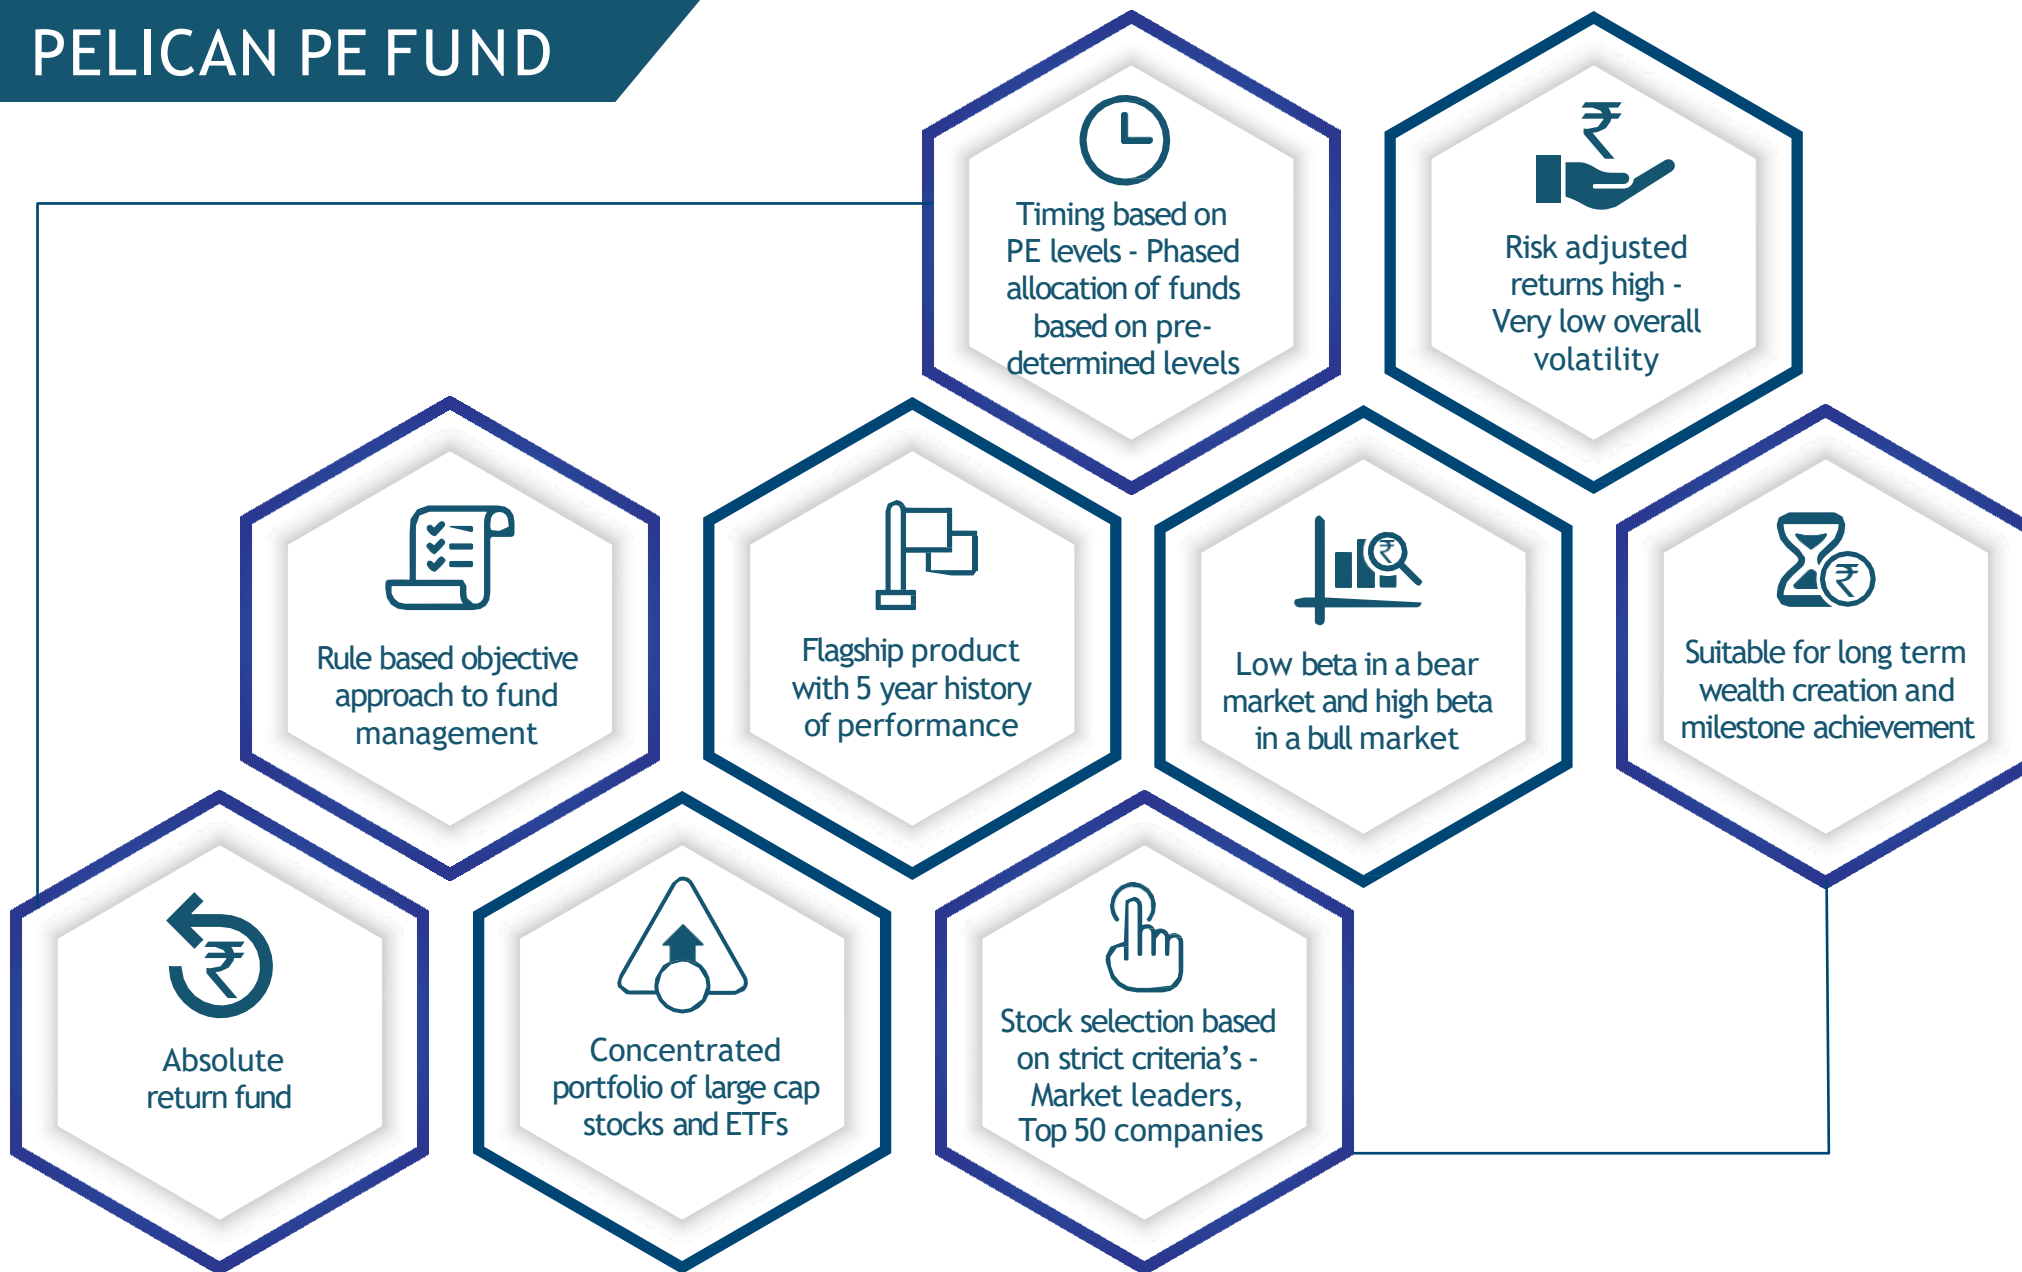

Stable govt-
policy clarity, international
recognitions
